Summary

PhD Candidate in Computer Vision and Pattern Recognition at Shenzhen Institute of Advanced Technology (SIAT), Chinese Academy of Sciences. Research focuses on sparse-view 3D reconstruction, novel view synthesis, and 3D Gaussian Splatting. Strong background in deep learning and computer vision with teaching and publication experience.

Education

PhD	Shenzhen Institute of Advanced Technology (SIAT), Chinese Academy of Sciences , Computer Vision - Supervisor: Prof. Zhanglin Cheng - Research: 3D Gaussian Splatting, Novel View Synthesis, Sparse-View Reconstruction	Jan 2023 – present
MS	National Textile University, Faisalabad, Pakistan , Computer Science - Gold Medalist — First position in MS Computer Science - Thesis: Virtual Board for Smart Classroom using Computer Vision	Jan 2016 – Jan 2018
BS	University of Engineering and Technology, Lahore, Pakistan , Computer Science Final Year Project: Face Recognition System using PCA	Jan 2011 – Jan 2015

Experience

Riphah International University , Lecturer - Taught undergraduate courses in Computer Science - Supervised student projects in computer vision and programming	Faisalabad, Pakistan Jan 2018 – Jan 2023 5 years 1 month
NFC-IEFR , Lab Demonstrator Conducted programming and computer science lab sessions	Faisalabad, Pakistan Jan 2016 – Jan 2018 2 years 1 month

Publications

SplatFusion: Training-Free 3D Scene Completion from Sparse Views Using Temporal Diffusion Priors and Gaussian Splatting

Tanveer Younis, Dawar Khan, Zhanglin Cheng
(International Conference on 3D Vision (3DV))

E3D-NVS: Novel View Synthesis from a Single Unposed Image Using Explicit 3D Representation

Tanveer Younis, Dawar Khan, Zhanglin Cheng
(Computers & Graphics, Elsevier)

A Review of Current Security Issues in IoT

Tanveer Younis
(Springer)

Skills

Programming: Python, MATLAB, C/C++, C#, Java, SQL, PHP, HTML, CSS

Computer Vision & AI: 3D Gaussian Splatting, Novel View Synthesis, Deep Learning, Generative Models, Sparse-View Reconstruction

Tools & Frameworks: PyTorch, OpenCV, MATLAB, Anaconda, Linux, NS-2

Honors

Gold Medalist — First position in MS Computer Science, National Textile University Faisalabad

Languages

English: Fluent

Urdu: Native
